

## ***Anti-Dumping***

### ***Certain Carbon Steel Welded Pipe***

**February 1, 2008**

***The following information was compiled by Russell A. Farrow Limited.***

On January 23, 2008 the CBSA (Canada Border Services Agency) initiated an investigation respecting the alleged injurious dumping and subsidizing of **Certain Carbon Steel Welded Pipe** originating in or exported from **The Peoples Republic of China**. This investigation follows a complaint by ArcelorMittal of Montreal.

A preliminary determination and/or termination is expected on April 22, 2008.

The goods that are the subject of this investigation are described as:

Carbon steel welded pipe, commonly identified as standard pipe, in the nominal size range of 1/2 inch up to and including 6 inches (12.7 mm to 168.3 mm in outside diameter) inclusive, in various forms and finishes, usually supplied to meet ASTM A53, ASTM A135, ASTM A252, ASTM A589, ASTM A795, ASTM F1083 or Commercial Quality, or AWWA C200-97 or equivalent specifications, including water well casing, piling pipe, sprinkler pipe and fencing pipe, but excluding oil and gas line pipe made to API specifications exclusively, originating in or exported from the People's Republic of China.

The subject goods are normally imported under the following HS classification numbers:

7306.30.10.14	7306.30.90.14	7306.30.90.29
7306.30.10.24	7306.30.90.19	7306.30.90.34
7306.30.10.34	7306.30.90.24	7306.30.90.39

The CITT (Canadian International Trade Tribunal) has launched a simultaneous investigation regarding injury in this case.
